<b>I</b>	<b>EDUCATION IN THE UNITED STATES</b>	
<b>A.</b>	<b><i>Its Status Today</i></b> .....	<b>1</b>
	Meaning of education	
	Aims, objectives, functions of education	
	Philosophy, ideals, principles, theory of education	
	Statistics of enrollment, institutions, costs and personnel	
	Legal bases of education	
<b>B.</b>	<b><i>The Development of Education in U.S.</i></b> .....	<b>10</b>
	Education in Colonial America	
	Education prior to the Civil War	
	From the Civil War to 1900	
	Education in 20th century U.S.	
<b>C.</b>	<b><i>Organization, Control and Support of U.S. Education</i></b> .....	<b>18</b>
	Organization and control on the different levels	
	Schools and school officials	
	Pressures, controls, problems and trends	
	Raising and spending of school money	
	Fiscal policy and state aid	
	Federal aid to education	
<b>D.</b>	<b><i>The Curriculum and Co-curriculum</i></b> .....	<b>26</b>
	Nature, kinds and determination of the curriculum	
	Extra-curricular activities	
	Special studies of the curriculum	
	Trends and problems in the curriculum	
<b>E.</b>	<b><i>Special Services, School Plant and Materiel</i></b> .....	<b>32</b>
	Guidance and the classroom teacher	
	Health, attendance and library facilities	
	The school plant and custodial services	
	Textbooks, supplies and materiel	
	Audio-visual aids	
<b>F.</b>	<b><i>Administration and Supervision</i></b> .....	<b>36</b>
	Democratic nature	
	Qualifications of administrators and supervisors	
	Duties and responsibilities	
	Criteria for evaluating	
<b>G.</b>	<b><i>The Teaching Profession</i></b> .....	<b>38</b>
	Professional status, membership, organization and relations	
	The role and duties of teachers	
	Selection, preparation, and certification of teachers	
	Employment opportunities, outlook and placement	
	Teacher salaries and "fringe benefits"	
	Teacher contracts, tenure, welfare and retirement	
	In-service education, publications and professional improvement	

CONTENTS

	Page
<b>H. Teaching Procedures</b> .....	54
General procedures	
Techniques, devices, aids and activities	
Planning – course, unit, and lesson planning	
Class management, control and discipline	
Teaching method applied to certain subjects	
Evaluating, testing and reporting progress	
<b>I. Issues, Problems, Criticisms and Trends</b> .....	68
Issues in education	
Problems facing education	
Criticism of education and educators	
Trends in education	
<hr/>	
<b>Chapter 2</b>	
<b>EDUCATIONAL PSYCHOLOGY</b>	
<b>HUMAN GROWTH AND DEVELOPMENT</b>	
<b>A. Introduction to Educational Psychology</b> .....	72
Functions of educational psychology	
Teaching as a science	
Research foundations	
<b>B. Determinants of Human Behavior</b> .....	76
Concept of needs	
Motives	
Satisfying needs	
The self-concept	
<b>C. Motivation in School</b> .....	82
Role of motivation	
Incentives	
Educational implications	
<b>D. Principles of Growth and Development</b> .....	88
Concept of development	
Maturation and learning	
Principles of development	
Readiness	
<b>E. Physical Development</b> .....	95
Nature of physical growth	
Body build	
Handedness	
Educational implications	
<b>F. Emotional Development</b> .....	100
Nature of emotional development	
Early emotional development	
Common emotions	
Educational implications	
<b>G. Social Development</b> .....	107
Concept of socialization	
Aspects of social development	
Group dynamics	

CONTENTS

	Page
<b>H. Discipline as an Aspect of Social Development</b> .....	115
Concept of discipline	
Dealing with misbehavior	
<b>I. Intellectual Development</b> .....	120
Nature of mental growth	
Basic concepts	
Use of the IQ	
Constancy of the IQ	
<b>J. Psychology of Learning</b> .....	133
Nature of learning	
Laws of learning	
Aspects of learning	
Learning curves	
<b>K. Guidance of Learning Activities</b> .....	139
Role and purpose of guidance	
Role of practice	
Aspects of effective guidance	
Study habits	
<b>L. Retention and Forgetting</b> .....	146
Nature of forgetting	
Psychological explanation	
Educational implications	
<b>M. Transfer of Training</b> .....	149
Concept of transfer	
Psychological explanation	
Educational implications	
<b>N. The Higher Mental Processes</b> .....	153
Reasoning and problem solving	
Meaning and understanding	
Creativity	
<b>O. Attitudes</b> .....	159
Nature of attitudes	
Changing attitudes	
Character formation	
Prejudice	
<b>P. Individual Differences</b> .....	165
Nature and extent of individual differences	
Dealing with individual differences	
The atypical child	
<b>Q. Personal and Social Adjustment</b> .....	171
Nature of adjustment	
Adjustment mechanisms	
Understanding the child	

CONTENTS

		Page
	<b>R. <i>Mental Hygiene in the School</i>.....</b>	181
	Concept of mental health	
	The mental health program	
	Guidance	
	Mental health of the teacher	
	<b>S. <i>Psychology and Modern Education</i>.....</b>	190
	The purpose of the modern school	
	Progressive and traditional education	
	Schools of psychology	
<p>Chapter <b>3</b> <b>EDUCATIONAL TESTS AND MEASUREMENTS</b>..... 199</p>		
	<b>A. <i>Measurements in Education</i>.....</b>	199
	Nature and purpose of pupil appraisal	
	Characteristics of a good measuring instrument	
	Item analysis	
	<b>B. <i>Kinds of Tests</i>.....</b>	205
	Objective and essay tests	
	Standardized and informal tests	
	Other classifications	
	<b>C. <i>Classroom Use of Tests</i>.....</b>	208
	Interpretation of test results	
	Construction of informal tests	
	Grading and reporting	
	Standardized instruments	
	Descriptive statistics	
<p>Chapter <b>4</b> <b>EDUCATIONAL SOCIOLOGY</b>..... 217</p>		
	<b>A. <i>Sociology of Education</i>.....</b>	217
	Definitions, origins and approaches	
	Purpose, relation of sociology to education	
	<b>B. <i>Culture, the Group and the Individual</i>.....</b>	218
	Nature of culture	
	The group – origin and functions	
	The individual and personality	
	<b>C. <i>Social Interaction, Stratification and Class Differences</i>.....</b>	219
	Social interaction – nature and forms	
	Stratification in society	
	Social class differences in the school	
	<b>D. <i>The Family, Activity Groups and Passive Agencies</i>.....</b>	221
	The role of the family	
	Play groups, youth groups, gangs and delinquency	
	Passive agencies	

CONTENTS

	Page
<b>E. Education, Socialization and Group Development</b> .....	223
Education and the school as a social agency	
The development of the school as a social institution	
Group structure in the school	
<b>F. The School, the Curriculum and the Community</b> .....	225
The school – its goals and curriculum	
Nature, characteristics and kinds of communities	
Community schools and the teacher's role	
<b>G. Sociology and Types of Education</b> .....	227
Health education	
Vocational education	
Civic and social education	
Adult and special education	
Intergroup education	
Education for moral and spiritual values	

---

Natural selection theory and education	
Hegel and Marxian dialectic; Social Evolutionists	
Modern idealists	
<b>F. <i>The Theory That Knowledge Is Constructed</i>.....</b>	<b>250</b>
Criticisms of authoritarianism and other theories	
Pragmatism – origins, beliefs, leaders, influence	
<b>G. <i>Philosophical Questions Underlying Education</i>.....</b>	<b>251</b>
Metaphysical questions	
Epistemological questions	
Axiological questions	
<b>H. <i>Philosophy and Educational Aims, Curricula and Methods</i>.....</b>	<b>252</b>
Aims – nature, sources and treatment	
Curriculum – basis, emphasis and nature	
Method – interest, freedom, evaluation, subject organization	
<b>I. <i>Conflicts, Criticisms and Problems in Education</i>.....</b>	<b>255</b>
The control of education; academic freedom	
Recent attacks upon education and educators	
Problems, issues and trends in education	

CONTENTS

**Chapter 7 GUIDANCE AND COUNSELING**

	<b>Page</b>
<b>A. <i>The Nature of Guidance</i>.....</b>	<b>257</b>
Meaning and kinds of guidance	
Objectives and relation to education	
Concepts basic to guidance	
<b>B. <i>The Development of Guidance</i>.....</b>	<b>259</b>
Origins and factors stimulating guidance	
The need for guidance	
General guidance practices	
Present status of the movement	
<b>C. <i>The Profession of Guidance and Counseling</i>.....</b>	<b>261</b>
Duties, qualifications and preparation	
Leaders, organizations and publications	
Problems and trends in guidance	
<b>D. <i>Guidance Practices in the School</i>.....</b>	<b>262</b>
Guidance practices of the teacher	
Group guidance techniques	
Educational and occupational placement	
<b>E. <i>Occupational Information</i> .....</b>	<b>264</b>
Sources and agencies for dissemination	
Objectives and principles to be followed	
Information, techniques and devices	
The use of the D.O.T.; definitions	
<b>F. <i>The Collection, Interpretation and Recording of Guidance Data</i>....</b>	<b>266</b>
Data needed and means for collecting	
Community surveys and follow-up studies	
The interpretation of guidance data	
The case summary and cumulative records	
<b>G. <i>Techniques of Appraisal and Counseling</i>.....</b>	<b>267</b>
The appraisal of personality and interests	
The appraisal of aptitudes, intelligence and achievement	
The counseling interview	
Psychotherapy and non-directive counseling
