<i>Foreword by Ni Jun</i>	v
<i>Foreword by You Zheng</i>	ix
<i>Preface</i>	xiii
<i>About the Authors</i>	xvii
<i>Introduction</i>	xxiii
Part I Cognition: Understanding Big Data	1
Chapter 1 What is Big Data Transportation?	3
1.1 Big Data Transportation and Internet +	3
1.2 Big Data Transportation and Intelligent Transportation	7
1.3 Big Data Transportation and Cloud Computing	11
1.4 Big Data Transportation and Artificial Intelligence	16
Chapter 2 Big Data Transportation: Getting Closer to Life	19
2.1 Self-Service Travel of Big Data Transportation	19
2.2 High-Speed Railway Travel of Big Data Transportation	24
2.3 Highway Travel of Big Data Transportation	28
2.4 Civil Aviation Travel of Big Data Transportation	33
2.5 Freight Transportation of Big Data Transportation	38
Chapter 3 Strategy Blueprint of Big Data Transportation	41
3.1 Big Data Transportation in the United States	42

3.2 Big Data Transportation in Europe	47	7.8 Big Data Transportation and Aviation Logistics	143
3.3 Big Data Transportation in Japan	51	7.9 Big Data Transportation and Non-Truck Operating Common Carrier	145
3.4 Big Data Transportation in China	55	7.10 Big Data Transportation and Logistics Costs	148
Chapter 4 Big Data Transportation: Eight Innovative Modes	61	Chapter 8 Big Data Transportation and Transportation Planning	153
4.1 Feature 1 of Big Data Transportation: Shared Economy	61	8.1 Big Data Transportation and Route Planning	153
4.2 Feature 2 of Big Data Transportation: Full Utilization of Resources	65	8.2 Big Data Transportation and Network Line Planning	157
4.3 Feature 3 of Big Data Transportation: Precise Demand	66	8.3 Big Data Transportation and Road Planning	160
4.4 Feature 4 of Big Data Transportation: Real-Time Control	71	8.4 Big Data Transportation and Station Planning	163
4.5 Feature 5 of Big Data Transportation: Efficiency and Convenience	73	8.5 Big Data Transportation and Hub Planning	166
4.6 Feature 6 of Big Data: Intelligence	75	8.6 Big Data Transportation and Capacity Planning	169
Part II Application: Practical Implementation of Big Data Transportation	79	8.7 Big Data Transportation and Emergency Planning	172
Chapter 5 The Entrance of Big Data Transportation	81	Chapter 9 Big Data Transportation and Major Activities	177
5.1 T-Union	81	9.1 Big Data Transportation and Beijing Olympic Games	177
5.2 GPS and BeiDou System	85	9.2 Big Data Transportation and Shanghai Expo	182
5.3 Internet of Vehicles	88	9.3 Big Data Transportation and Hangzhou G20 Summit	186
5.4 Road Network Monitoring	91	9.4 Big Data Transportation and One-Belt-One- Road International Forum	191
5.5 Electronic Navigation Map	94	Chapter 10 Big Data Transportation and Traffic Management	195
5.6 ETC	97	10.1 State Diagnosis of Big Data Transportation	195
Chapter 6 The Platform of Big Data Transportation	101	10.2 Information Analysis of Big Data Transportation	198
6.1 Expressway Management Platform	101	10.3 Technological Change of Big Data Transportation	202
6.2 Accident Detection Platform	105	10.4 Organization Model of Big Data Transportation	206
6.3 Passenger Flow Detection Platform	108	10.5 Management Model of Big Data Transportation	210
6.4 Traffic Law Enforcement Platform	111	10.6 Credit Model of Big Data Transportation	214
6.5 Logistics Information Platform	115	Chapter 11 Future Development of Big Data Transportation	217
6.6 Emergency Command Platform	118	11.1 Personalized Service of Big Data Transportation Industry	217
Chapter 7 Big Data Transportation and Logistics	123	11.2 Expansion Trend of Big Data Transportation Industry	221
7.1 Big Data Transportation and Transportation Organization	123	11.3 Investment and Financing of Big Data Transportation Industry	225
7.2 Big Data Transportation and Rural Logistics	126	11.4 Police Guidance of Big Data Transportation Industry	229
7.3 Big Data Transportation and Urban Delivery	128	Chapter 12 Unmanned Driving: Transportation Revolution Sweeping Across the Globe	235
7.4 Big Data Transportation and Express Logistics	131	12.1 Origin, Development, and Application of Unmanned Driving Technology	235
7.5 Big Data Transportation and Cold Chain Logistics	134		
7.6 Big Data Transportation and Multimodal Transportation	137		
7.7 Big Data Transportation and Cross-Border Logistics	140		

12.2	Global Distribution: Competing for the High Ground of Unmanned Driving	248
12.3	Technology Routes: Key Technologies for the Unmanned Driving Industry	261
12.4	Intelligent Traffic Management Model Based on the Unmanned Driving	275
12.5	Key Factors in Unmanned Driving from Concept to Practice	285
12.6	Application of the Unmanned Driving Technology in Urban Rail Transit	293
